## AFFIDAVIT OF SHAWN GALETTI

STATE OF WASHINGTON )  
 )  
COUNTY OF KING )

I, Special Agent Shawn Galetti, having been duly sworn, state as follows:

## **AFFIANT BACKGROUND**

1. I am a Special Agent with the U.S. Department of Homeland Security (DHS), Homeland Security Investigations (HSI), assigned to the Office of the Special Agent in Charge (SAC), Seattle, Washington. I have been employed as a Special Agent with HSI since 2007. I am currently assigned to the Counter-Proliferation Investigations (CPI) Group, where I investigate cases involving the illegal import and export of weapons and other items from the United States. I have received formal training at the Federal Law Enforcement Training Center in Glynco, Georgia. Based on my training and experience, I am familiar with the area of criminal law, firearms law, firearms training, rules of evidence and interview techniques. Through my years in law enforcement, I have gained knowledge and experience in conducting physical surveillance, interviewing witnesses, victims and suspects, writing affidavits for executing search and arrest warrants. I am also familiar with the manner in which individuals illegally acquire and import export-controlled merchandise from the United States to foreign countries and into the United States from foreign countries.

2. I make this affidavit in support of an application for a search warrant to search the premises located at 926 North 85th St Seattle, Washington 98103 (the "SUBJECT PREMISES"). The SUBJECT PREMISES is further described in Attachment A to this affidavit, which is incorporated herein by reference.

3. As discussed below, there is probable cause to believe that David Kubala, a convicted felon, resides at the SUBJECT PREMISES, and has one or more firearms stored at the SUBJECT PREMISES. In addition, there is probable cause to believe that Kubala has imported a silencer, for delivery to the SUBJECT PREMISES.

4. I seek authorization to seize the items from the SUBJECT PREMISES that are described in Attachment B to this affidavit, which is incorporated herein by reference.<sup>1</sup>

5. The facts set forth in this Affidavit are based on my own personal knowledge; information obtained from other individuals during my participation in this investigation, including other law enforcement officers; interviews of cooperating witnesses; review of documents and records related to this investigation; communications with others who have personal knowledge of the events and circumstances described herein; and information gained through my training and experience.

6. Because this Affidavit is submitted for the limited purpose of establishing probable cause in support of the application for a search warrant, it does not set forth each and every fact that I, or others, have learned during the course of this investigation.

## RELEVANT LAW

7. Title 18, United States Code, Section 922(g)(1) prohibits a felon from possessing a firearm that traveled in interstate commerce. Under Title 18, United States Code, Section 921(a)(3)(C), the term “firearm” includes “any firearm muffler or silencer.” Under Title 18, United States Code, Section 921(a)(24), the “terms “firearm silencer” and “firearm muffler” mean “any device for silencing, muffling, or diminishing the report of a portable firearm, including any combination of parts, designed or redesigned, and intended for use in assembling or fabricating a firearm silencer or firearm muffler, and any part intended only for use in such assembly or fabrication.”

8. Title 26, United States Code, Section 5861(d), prohibits a person to receive or possess a firearm not registered to the person in the National Firearms Registration and Transfer Record. A silencer, as defined above, is a type of firearm under this provision.<sup>2</sup>

9. Title 18, United States Code, Section 545, prohibits fraudulently or knowingly importing or bringing into the United States, any merchandise contrary to law.

<sup>1</sup> I am not seeking authority to search any digital devices at this juncture.

<sup>2</sup> This affidavit uses the term "silencer" to refer both to the Title 18 and Title 26 provisions cited under this section.

10. Title 18, United States Code, Section 371 prohibits two or more persons from conspiring to violate federal law, and taking an overt act in furtherance of the conspiracy.

## **SUMMARY OF INVESTIGATION**

## A. The Seized Package

6        11. On December 29, 2019, a Customs and Border Protection officer conducted  
7 a border inspection of a package that was addressed to David Kubala at the SUBJECT  
8 PREMISES. As discussed below, Kubala is a convicted felon. The package had been  
9 shipped from China. The package label described the package as containing a  
10 “percolator.” The shipper was listed as “Chenfangfang.” Since November 2019, agents  
11 have seized over 500 packages from this shipper from the same or similar Chinese  
12 address. These packages all contained silencers, or items suspected of being silencers.  
13 The packages contained shipping labels that falsely described the items as containing  
14 items such as a “fuel filter,” “oil intake,” and “gear shift knob.”

12. The package addressed to Kubala contained a black tube that comprised of multiple baffles and end-caps with a center mark indicated:

13. I have examined this device with Bureau of Alcohol, Tobacco, Firearms  
14 and Explosives (ATF) Special Agent Nate Merritt. Special Agent Merritt has received  
15 specialized training on firearms, which includes training on silencers. We also reviewed  
16 a report published by the ATF Firearms Technology Criminal Branch that examined a  
17 device that was sent by the same shipper.<sup>3</sup> The report describes the device as follows:

1 The tube or body of Exhibit 1 appears to be manufactured from a length of aluminum tubing and creates an  
 2 **expansion chamber** when assembled with the other components. Each end of the body contains threads  
 3 compatible with the two end-caps of the device.

4 There are two **end-caps** on the body of the Exhibit. The front end-cap does not have a center hole; it is marked  
 5 on the interior and exterior to indicate the correct location to drill the center hole. The rear end-cap has a center  
 6 hole containing 5/8x24TPI threads, which is a size common to threaded firearm barrels.

7 My examination of the interior of the device was accomplished by disassembly. Disassembly revealed that the  
 8 interior of the device consists of eight "K" baffles and that it is designed to function as a firearm silencer (see  
 9 attached photos). The Exhibit 1 baffles are similar to those described in the attached U.S. Patent 8,991,550.

10 The Exhibit's **baffles** are designed and intended to partition the larger expansion chamber of the device thereby  
 11 creating multiple smaller expansion chambers. As received, the Exhibit 1 baffles do not have center holes and,  
 12 therefore, the device cannot be tested. However, the machining process used in the manufacture of the baffles  
 13 shows the proper point to drill the center holes (see attached photos).

14 A mark or reference point that indicates the center of the part is advantageous when drilling center holes in  
 15 baffles and end-caps. The holes need to be centered to minimize the potential of a bullet striking one of these  
 16 components when it passes through a silencer. Typically, the center holes are made larger than the bore of the  
 17 firearm to which the silencer will be attached to allow for error in alignment. The closer the size of the center  
 18 hole is in relation to the bullet diameter (or caliber of the firearm bore) the greater the efficiency of the silencer  
 19 will be. Center holes are typically approximately 0.030" to 0.080" larger than the bore to accommodate some  
 20 error or deviation between the path of the bullet and the center of the silencer.

21 To complete the manufacture of this silencer, the center holes in the baffles and the front end-cap must be  
 22 drilled. As the device is manufactured from aluminum and the centers of these parts are easily identifiable, the  
 23 center holes could be completed in a matter of minutes using a hand drill or drill press.

24 While the manufacture is not complete, the features and characteristics of Exhibit 1 are consistent with those of  
 25 known firearm silencers I have observed. Devices such as these are commonly marketed on the Internet as  
 26 "solvent traps," "solvent trap accessories," or "dry storage containers." Such tongue-in-cheek advertisements  
 27 sometimes include an "NFA Warning" or a legal disclaimer regarding the use or modification of these devices  
 28 as, or in the fabrication of, firearm silencers. The inclusion of these disclaimers or statements, as well as  
 29 customer comments and reviews, suggests the seller's knowledge of the intended use of the items.

30 14. The report concludes that the device is a silencer, both under Titles 18 and

31 26.

32 15. Special Agent Merritt and I have examined the device that was intended for  
 33 Kubala, and compared it to the device that is described in the report. The two devices are  
 34 identical in all material respects, *i.e.*, it has the same components and characteristics that  
 35 are highlighted above in the report.<sup>4</sup> Thus, based on my training and experience, along

---

36 27 <sup>4</sup> The two devices are not completely identical. The device seized is black in color, while the device in the report is  
 28 37 silver. The device seized is smaller—intended for a handgun—while the device in the report is bigger—intended for  
 38 39 a rifle.

1 with the training and experience of Special Agent Merritt, I believe that the device is a  
 2 silencer. Special Agent Merritt shares this belief.

3 **B. David Kubala's Criminal History and Residence**

4 16. I have reviewed the criminal history for David Kubala. Kubala has eight  
 5 felony convictions from the State of Washington for burglary, theft, and malicious  
 6 mischief convictions. His convictions span from 1997 to 1999. He was sentenced on  
 7 multiple occasions to terms of imprisonment in excess of a year, including to 68 months  
 8 in 1999.

9 17. As a felon, Kubala does not have any firearms registered to him in the  
 10 National Firearms Transfer Record, including any silencers.

11 18. A record check with Washington State Department of Licensing revealed  
 12 that Kubala first updated his address to the SUBJECT PREMISES on September 2018  
 13 and renewed his driver's license again on July 25, 2019 to the same address. On  
 14 December 13, 2019, ATF SA Nate Merritt drove by the SUBJECT PREMISES and  
 15 observed a white Dodge pickup registered to Kubala at the SUBJECT PREMISES. SA  
 16 Merritt has driven by the SUBJECT PREMISES on multiple other occasions and  
 17 observed the same Dodge pickup. According to Facebook, Kubala has a business,  
 18 "Nimis Marine," advertised on Facebook. The business address is described as being the  
 19 SUBJECT PREMISES. Kubala's name and cell phone number also are listed for the  
 20 business.<sup>5</sup>

21 19. A query of the King County property records shows the SUBJECT  
 22 PREMISES is a two-story, two-bedroom, two-bathroom home with a living area of 1360  
 23 square feet. The premises includes a garage. During surveillance, agents have observed  
 24 vehicles parked on the property, notably what appears to be a van or truck, as depicted in  
 25 the following photograph:

26 \_\_\_\_\_  
 27 28 <sup>5</sup> According to a records check, Kubala has received other packages directly from China at the SUBJECT  
 PREMISES. At this point, I have no indication that any of these packages contained contraband.

20. I seek authorization to search the entire premises, to include the garage, and  
any vehicles parked on the property.

**C. Kubala's Prior Failed Gun Purchase**

21. On January 3, 2020, ATF Special Agent Nate Merritt received a copy of  
ATF Form 4473 from Sportsman's Warehouse in Federal Way, WA and the ATF NICS  
Referral Application Field Office Referral Report. The 4473 form was dated August 15,  
2015, and had been filled out by Kubala when attempting to purchase a Benelli, Nova, 12  
gauge, shotgun. The National Instant Criminal Background Check System denied this  
transaction on August 21, 2015, based on Kubala's felony convictions. When filling out  
the 4473 form, on question 11.c., Kubala was asked, "Have you ever been convicted in  
any court of a felony, or any other crime for which the judge could have imprisoned you

1 for more than one year, even if you received a shorter sentence including probation?"

2 Kubala falsely answered question 11.c by checking the box for "NO."

3 **D. Training and Experience**

4 22. Based on my training and experience, I know that persons who order items,  
5 even contraband, from overseas, often retain records relating to the order. I also know  
6 that persons who order silencers almost always purchase them to use with an existing  
7 firearm. I also know that persons typically store their own firearms in their personal  
8 residence and vehicles. Finally, I know, based on my training and experience, and  
9 discussions with Special Agent Merritt, that the overwhelming percentage of firearms  
10 found in the State of Washington, were manufactured outside the State of Washington.

11 **CONCLUSION**

12 23. For the foregoing reasons, I seek authority to search the SUBJECT  
13 PREMISES for the items described in Attachment B.
